The Missouri Tigers practically clinched the Missouri Valley baseball championship for the season by winning yesterday's game from Kansas, 11 to 1. Ten hits by Missouri, including two triples, and nine errors by Kansas explain the score. Missouri took all three games of the series.

Kansas scored the first run of this game. Cherry singled, was advanced to third by the next two batters, and scored on Lomborg's hit through Dippold, who was on the mound for the Tigers. Missouri filled the bases in its half of the inning on two hits and a walk. But with one out, Summa forced Dennis at home and Canterbury grounded out to second.

The Tigers started their scoring in the third inning. Keeler muffed Dennis' fly to left. Morris bunted to the pitcher and was safe when no one covered first. Slusher sent both men along with his second sacrifice hit of the game. Dippold came through with a triple to left, sending in two runs. He scored on Summa's hit. Canterbury sent Summa to third with a single and stole second. Slawson was taken from the mound and Cherry, a first baseman, sent in to pitch. He struck out Messick and Urie.

Four more runs crossed the plate in the fifth on one hit, a walk and three errors. Two in the seventh

made it 9 to 1. The last two runs came in the eighth. Dippold drew his third base on balls. Summa scored him with a triple and came in himself, when Lomborg threw the ball away trying to catch Dippold at home.

Missouri batted well and Kansas fielded poorly. Dippold had the best average of the day. He drove out a triple and a single, walked three times, and scored three runs. Summa got a triple and a single. Morris and Urie also got two hits each. Cherry and Lomborg with two hits each batted best for Kansas.

Dippold allowed four hits and struck out nine during the six innings he was on the mound. Beck finished the game.

The score:

	1	2	3	4	5	6	7	8	9	R	H	E
Kansas	1	0	0	0	0	0	0	0	1	5	9	
Missouri	0	0	3	0	4	0	2	2	1	11	10	3

EXPECT AMERICAN AIR AID

Liverpool Officer Believes U. S. Will Soon Make Ruthless Raids.

(Correspondence of the Associated Press.) LIVERPOOL, April 26.—"The way to win the war is to keep on bombing Germany until she cries enough," writes a Liverpool army officer from the front in a letter to his home newspaper.

"You at home," he adds, "do not realize how great is the air superiority of the Allies on the west front. The means of finishing off the campaign is to create such a feeling in the German towns that the population will rise and demand the ending of the war. I know Germany well, and the bullies are real cowards at home. I believe that

most of the German soldiers are sick of fighting and when they find out how much more effectively we are air-raiding than they; then will come the finish.

"I notice that in a raid on London recently, sixteen bombs were dropped. Do you realize that in our air report on Tuesday night it was stated that we had dropped over 700 bombs! England has been slow in starting, but she is going to be terribly effective in the air, and from what I hear, the Americans are presently going to give us all a wonderful demonstration of how air-raiding should be done. Ruthlessness is the only thing a German appreciates and fears, and the Americans are planning to show it to him."

WHY SUITS COST MORE NOW

Wool Is for the Soldiers and Labor Is Scarce.

That Mr. McAdoo and other prominent men patriotically forego new spring suits hasn't injured their sale, for clever advertisers, with a knack for turning ill winds to auspicious ones, assure their customers that the millionaire can afford to wear a shabby suit; but the progressive man must look like a million—and suits go by tens for double their worth—or adding a reservation, salesmen say suits for men will advance twice in value, although those for women may increase only 25 per cent.

No definite figures in the advances in women's apparel have been reached, because of the variable element of style in its manufacture which does not enter intensely into that of men's clothing. The average clothing house man would have probably foreseen a splendid year for silken suits; yet the psychologist, who fathoms the processes of the human mind that wants the unobtainable, would have warned merchants to have a large supply of serge suits in stock. Other than for that reason, is the risk one runs of never getting a serge suit unless now.

There seems to be grounds for that belief. In addition to the scarcity of wool and to the fact that the Government is now controlling many of the factories formerly engaged in the manufacture of women's suits, piece labor in production has become rapidly more expensive, thus increasing the already abnormal value of suits.

So now merchants think that pile fabrics, plushes and velvets, will replace serge. It is more expensive now, but its gain in value is expected to be less. Something will necessarily have to substitute for serge, for although there seems to be plenty of wool, it is being utilized more and more by the Government. And soon some one with a fancy for mother goose jingles will be quoting:

Bah, bah, black sheep, have you any wool?
Yes, sir, yes, sir, three bags full.
None for the master, none for you—
All for the boys in the trenches.

The man who is being cursed, discussed, damned and despised of all men living or dead. The one man who has wrought more destruction, caused more unrest, blood shed, heart aches, misery and suffering than all human beings who ever lived. The man who caused the worst war ever known.

Why are we sending our boys to the battle front?

Why are we buying bonds, savings stamps and joining and supporting the Red Cross? See this picture and you will know why. When you see all the Hellishness being committed; when you see the hardships and sufferings our boys are undergoing for your sake, you will come "up to the trough and drink," buy bonds and help. When you see the noble work the Red Cross is doing you will say "Well Done, Thou Angels of Mercy."

How would you like to suffer out there in No Man's Land for hours, then be picked up and at the hospital be told, "We can't do anything for you. The people back home have not sent us enough supplies." What have you done?

Win this war or lose half you have in indemnities and taxes.

Everyone who can please attend one of the day shows and avoid the big crowd at night.

If you are a pro-German, stay away.
